resolution which is now suggested & proposed  
involving the views of the last meeting  
in reference to the purchase of the Chapel  
Street premises, the same was adopted &  
ordered to be forwarded to the said Committee.  
Resolution - The Trustees having viewed  
the proposal of the Chapel Street Committee  
by the Rev. W. Burrows, find, that it is nearly  
impossible to remove the seats which have  
been made to remove the trustees on the  
Chapel and premises, he utterly prohibits  
for them to waive the terms of 1795. but  
have resolved that, considering they by the Trustees

have not done any thing <sup>to prevent and</sup> by the Trustees  
of the town resident Ministers, and further  
that all the Ministers who have been the  
promised since the year 1800, and had known  
them to be false especially they notwithstanding  
the Rev. W. Burrows their names being published  
all advised that the Treasury had been well spent  
and that the commercial property is nearly  
doubled in value. And also ~~some~~ consid-  
ering the Rev. J. W. Langford has been reported  
to have all the circumstances known to the  
Committee, and believing he has done so;  
and further, that on the Rev. W. Burrows' coming  
to the Council, he, he finding it goes with the  
said would they consider their present  
to improve the premises, and such the Trustees  
ultimately consider to do with the understanding  
that he also should place matters right  
with the Committee, the leaving been

made fully aware of the pledge they had given. With these considerations the trustees feel themselves bound respectfully to request the Chapel School Committee to release them from the pledge of only £150, and give them instead in exchange that pledge of £200. The amount of liability in the other life office.

The trustees also beg the C. S. Committee to give them a grant of £15. As yet £45. which they pledge themselves to give, thus making £60. The necessary amount to put the Chapel into good repair, what being ascertained the trustees feel sure they will be able out of the income annually to reduce the debt, and shortly with liberal efforts on their part, they hope not only to reduce it to the £150, but to pay off the whole debt in the course of a few

years, and they pledge themselves not to relax their efforts till that object is attained."

All other part having been read and reported, in reference to the repairs necessary to the Chapel, it was resolved that the following doats, prices, the repairs, also that the City & Church be repaired and refurnished at once.

The accounts for the year ended Dec<sup>r</sup> 1881 were presented, audited, and passed. The balance in hand was reported to be £16 pounds seven shillings and six pence.

A conversation ensued, in the course of which it was elicited that the Circuit in consequence of reduced means had not for some years past fulfilled its obligations in paying the rent of the House, which had been supplied by the trustees. The result was, that the trustees had been hindered in raising their debt, and had been prevented from keeping forward the work of God in other ways. - It was resolved that means should be adopted to inform the Circuit upon these points

minutes of a further meeting held at Walsingham Wesleyan Chapel, on Thursday Evening March 29<sup>th</sup> 1883.  
Present: Rev. G. Hale in the Chair, Messrs. Blaxton, Burson, Purdy, Stamford, Woodcock of New Walsingham, Mr. G. Wright of Old Walsingham, Trustees, Mr. Watts, Trustees Treasurer, & Mr. Wright Senior, of Old Walsingham.  
So when the remaining Chapel Debt was due.  
The Minutes of the last trustees meeting were <sup>read</sup> confirmed & signed. The Chairman presented the £40 cheque, which had been received from the Chapel Committee, and which with various collections and subscriptions previously raised by the Trustees liquidates the entire Debt of £175 on the Chapel Street Property at Walsingham, which was originally engaged to repay.  
Mr Wright Senior was then paid the amount due to him, consisting of principal £65.0.0 and £1.19.0 interest, being in all £66.19.0 for which he handed over a receipt with the note of hand.

A memorandum of the whole transaction was duly entered in the Trustees Book, and signed by the Chairman and seven Trustees.

Various Bills were presented for ~~the~~ consideration consisting of sundry Chapel Street and Circuit matters, and although the Trustees were not obligated to repay the cost of all itemizations contained, it was agreed that considering the inadequacy of the Circuit income to meet all our ordinary expenses, they would in the present exigency liquidate the same from their balance in hand.  
The Trustees Treasurer, Mr Watts was therefore empowered to pay Rev. G. Hale £1-9-0 for water-bills, piping, painting, &c.

Mr Rawston's Bill £1-5-6 <sup>repaid</sup>  
Mr Blaxton's Bill £2-2-4

(over)

The Trustees' Treasurer and Secretary  
Mr Watts had been previously thanked for  
his valuable service at the Annual Circuit-Trust  
Meeting at Wells, and he was requested to continue  
office for another year, - which he kindly con-  
-sented to do. -

The necessities of the Circuit were brought  
before the notice of the Trustees, and it was  
remarked that though <sup>the</sup> financial scheme  
to work the Circuit free of Debt devised  
six months ago was found to be working  
fairly well, in order to its full success a  
further contribution from the Walsingham  
Chapel Trust was needed.

It was therefore unanimously resolved that <sup>for</sup> the twelve  
months at least, and as much longer as the Chapel  
scheme could justify, the sum of £10-0-0 per Quarter for  
Stow's Rent & £1 per side should be contributed to the  
Quarter Board.
